LETTER RE DRAWING CORRECTION

Assistant Commissioner for Patents  
Washington DC 20231

Sir:

The above-identified patent application was filed on September 5, 2000. The application was filed with four (4) sheets of drawings containing five (5) figures. The applicant has advised us that a mistake was discovered in Fig. 1 of the drawings. Therefore, a new Fig. 1 is being forwarded with this letter to replace the current Fig. 1 now on file in the application.

In the upper-right area of Fig. 1, "steam S" is accompanied by " $\dot{m}=500 \text{ kg/h}$ ", whereas, this caption should read " $\dot{m}=400 \text{ kg/h}$ ". The correct value: " $400 \text{ kg/h}$ " can be found at page 12, line 14, of the original patent specification as filed. A copy of the original Fig. 1 with the correction shown in red is also attached.

THIS IS A DRAWING

Please substitute the attached sheet of drawings  
containing Fig. 1 for the original Fig. 1.

Respectfully submitted,

WEBB ZIESENHEIM LOGSDON
